Dear Parents,

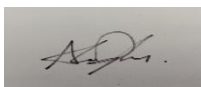

This is a reminder from Tilbury Douglas Constrcution Ltd, as part of a wider safety campaign, encouraging children to choose safer spaces for play such as parks, playgrounds, and leisure centres throughout the summer break.

We fully support the need for children to play and stay active in their neighbourhoods over the summer. Our message for the summer holidays is simply to be safe and avoid going near our live building site.

Children are always curious and adventurous, so parents please ensure you communicate the dangers of a construction site to your children.

Yours Faithfully

Adam Dagley
