

Friday 10th July 2020

Dear Parent and Carers,

Planned Delivery of Relationships and Health Education Postponed until Summer 2021

Prior to the school closure to most pupils, we shared and received feedback from our community a draft copy of our Relationship and Health Education Policy.

In addition to the actions made following your feedback, we are also developing a new scheme of work and set of resources, which will be used to deliver the statutory curriculum.

An important part of the consultation process is to share the scheme and resources we have developed. We had hoped to complete this during the summer term before starting the curriculum in September 2020. Unfortunately, due the school partial closure and the Covid-19 pandemic, we were unable to carry out this consultation.

We believe that consulting with parents is a vital and important step in delivering a successful new Relationships and Health Education Curriculum.

As this consultation has not yet taken place, we have **postponed the teaching of the new curriculum until Summer 2021**. This will allow us to share the scheme of work and resources before they are used in school.

Current social distancing measure and restriction on public gatherings mean that we cannot hold parent meetings until further notice. Therefore, information regarding how and when the consultation will take place will be sent out during the Autumn Term

We thank you for your continued support and understanding.

Mr Andrew Sharp
Headteacher
