Topics:

Year 3 have a lot to look forward to next year. We will start our year by travelling back in time to the Victorian period to learn about Victorian Derby. We shall then be learning about light and dark, following this we shall be going back to the Stone Age, Bronze Age and then the Iron Age.

During the summer term, we shall be looking at plants and the impact of humans on the planet. For our final topic of the year, we shall be travelling to the Antarctic and investigating magnets.

How to help at home

As a school, we have a target to read at least 25,000 times. Please support your child by listening to them read at home at least 3 times a week. Don't forget to sign the reading log. We have signed up to Times Tables Rockstars and we would like our children to become Rockstars by answering 60 multiplication and division questions in less than 3 minutes.

Practice makes perfect!
